MEDICAL HONOREE

Yaron Moshel, MD

Overlook Medical Center

“I went to see Dr. Moshel with my parents and my sister. His caring manner gave us immediate relief but, the tumor had to be removed - and quickly. I credit a great deal of my recovery and good health to Dr. Moshel. He inspired me. His caring, compassionate manner and positive attitude were contagious. Now I am back in the classroom teaching 8th grade and I’m poised for a wonderful year - a year filled with inspiration ... something Dr. Moshel has asked me to give back. That’s the least I can do for him!”

-Matthew Marciano

“Keep a positive attitude and never underestimate the power of prayer. And make sure you have medical professionals who are brilliant. Their knowledge and expertise is paramount. The care I received has been outstanding. Dr. Moshel and the ANS team have been incredible.”

-Rita Coakley

“I have two heroes to thank. First, my wife, for knowing to look into my eyes and see there was something terribly wrong with me, and Dr. Moshel, it was a miracle he was my doctor. He is one of a kind.”
